Wooden Nickel Wall Hanging
24" x 30"
Shop Hop 2017

Calico Cottage
Hastings, Nebraska
Everything for the quilter!

Fabric Requirements:

Fat quarter for center fabric (script) &
corner blocks (16 two-inch squares)

1/2 yd. for border (black or blue floral)

1/8 yd. for piped inner border (dk. taupe)

Corner Blocks:

1/6 yd. light

1/8 yd. medium (taupe or cheddar)

1/8 yd. dark (black or blue)

1/4 yd. for binding

Sewing Instruction:

Cut a 12 1/2" x 18 1/2" rectangle of script for the center panel keeping it square
with the print. Mark dots on the rectangle as shown with a removable marking pencil
measuring from the outer edges of the rectangle. Connect the dots with lines to
from the shape of Nebraska. Use the diagram on this page to make the eastern bor-
der.

Stitch the outline in dark brown with a machine triple stitch or with a straight stitch
putting two threads through the needle. You may also embroider by hand.

Eastern border of Nebraska. Distance
from top dot to bottom dot should be
approx. 8 3/4". Reduce or enlarge
accordingly if your copy is off.

For the inner piping, cut the dark taupe into two 1 1/4" strips. Cut the strips into two 12 1/2" lengths and two 18 1/2" lengths. Fold and press each strip lengthwise with wrong sides together. Using the 12 1/2" lengths, match the raw edges with the sides of the center panel and machine baste in place within the 1/4" seam allowance. Baste the top and bottom piping in place in the same manner crossing over the side borders.

Make the four corner squares according to the directions on the block pattern.

Cut the outer border according to the diagram below. You have a little wiggle room to center the flowers in the borders.

Fold Edge

6 1/2" x 12 1/2"   6 1/2" x 12 1/2"   6 1/2" x 18 1/2"

6 1/2" x 18 1/2"

With right sides together, sew the 12 1/2" borders to the sides of the panel with a 1/4" seam allowance. Add a corner square to each end of the top and bottom border. Sew to the top and bottom of the center panel.

Quilt as desired and bind. Glue the nickels to the quilt or drill holes in them with a small drill bit and sew on like a button.
